About Us

Dangee Dums has become a household name in Gujarat when it comes to Cakes and other Bakery products. The brand began its journey on August 13, 2010 as a boutique store of high - end chocolates. Since then, the brand has pivoted to a cakery format to best exploit available growth opportunities. The brand has found its niche in democratizing consumption of high quality cakes and pastries. The brand caught the imagination of the public with its 'Cake of the Week' campaign when it's introduced best-in-class half kg. cakes at Rs. 250/- in the city of Ahmedabad. These prices were unheard of at the time for a product of that quality and the campaign allowed the company to scorch the competition and establish its credentials.

The company keeps the customer at the centre of all its initiatives with the intention of providing best customer experience possible. With this in mind, the company maintains a rigid control of the entire supply chain right from manufacturing to the stores. The company manufactures all products and sold under its label, the company also owns all of its stores, and all this has been done to ensure that customer is delighted at each touch point.

The company has a state-of-the-art manufacturing facility at Piplaj; spread over 25,000 square feet. The factory has been designed with an objective to minimize time between making of the products and its pickup point for delivery. The company maintains the highest of standards in quality control. The company maintains the most stringent norms in the category for quality aspects like shelf-life, hygiene, stacking aesthetics, and so on. The company has its own fleet for transporting the

products from the factory to the stores, these are owns refrigerated, temperature-controlled van with GPS tracking for timely deliveries.

The company operates through a Company Owned Company Operated model (COCO) that's allows for maintenance of the highest possible quality parameters. The company regularly trains its store operation personnel to maintain rigid control over processes involving storage of raw materials, stocking of products and so on. The company has also designed a plannogram for the most optimal and easy to locate display of products.

Even at the other end of the supply chain, the company continuously monitors post purchase customer response through its in-house Customer Relationship Management (CRM) team. Through its proprietary 'Voice of Customer' program, the company makes enquire about customer responses to

product quality and we also understand our brand perception in relation to that of our competitors. Food being a very local and fluid category, the company has to be on its toes for local, national and multinational competition in the various categories that it operates in.

The company has transitioned over a period of time into a master brand with sub-brands offspring basis the format. The company currently operates across Three formats, the regular Dangee Dums stores (around 300 square feet) which is cakery format, Store in Store Format and Dangee Dums Yums (1200 square feet+) which is a dessert café format. The company currently operates through 43 COCO stores across 3 formats. Of the 43 stores, 3 stores (Panjarapole, Shahibaug and Bopal) in Ahmedabad (Gujarat) are in the Dangee Dums Yums format and also 1 store in the Dangee Dums Gourmet (Shyamal) and the other 39 are regular cakery format stores. The brand is present in four cities with 36 stores in Ahmedabad, 4 stores in Baroda, 2 stores in Anand and 1 store in Gandhinagar. In current year, the Company expanded 18 stores from its regular cakery stores to a bigger size and transformed these stores into gourmet format so that the Company can experience increase its product display basket and improve its trade items sale. Company has expanded its Two stores in another format i.e. Store in Store format. The Company has also started giving franchisee of its brand.

The Company also has a Consumer Products Group (CPG) vertical which makes packaged products for sales in its own stores. The company has launched products in chocolate, cookies and khari through this vertical. The company has also fortified its presence in the ice-cream segment by launching its signature range in two new packaging formats to target a fresh consumption occasion. The old family pack range of ice-cream has been relaunched with new flavors and packaging. The CPG product range is characterized by attractive packaging and convenient form factors. The Company is scouting for other allied categories in western dessert CPG segment to augment its portfolio. The company is scouting for opportunities to sell these products in General Trade (GT) and Modern Trade (MT) stores.

In addition to its own stores, Dangee Dums is also present on third party food delivery platforms like Swiggy and Zomato for its packaged products. Yet another touch-point in the online domain is the company's website and application. These two platforms enjoy a loyal base of followers who regularly order their favourite dessert from these touch-points. The company has also launched an innovative 'Order on Whatsapp' channel to further reduce the friction in ordering and ensure that the company's patrons never without their favourite delicacies from Dangee Dums. The company has also recently dabbled in the cloud kitchen model to aggregate demand from third party platforms in some areas, the

experiment is still in its formative stage but it presents yet another example of the company's intention of keeping its engines of innovation going. Going forward the Company will continue to invest in its own platforms while supplementing this with its presence on any third party platforms where our customer may be present.

The company's growth plans have been facilitated by dedicated management team comprising our promoters, directors and key managerial personnel. Our promoters are still passionately involved in the business and their efforts are supplemented by a growing cadre of experienced and knowledgeable management team. The company is trying to build a dedicated and talented team of experienced and young employees alike that delivers in the present and also guarantees its future. Dangee Dums operates in a dynamic category like food retail, the tastes vary not only by geography but also by time as people are exposed to newer and more innovative products and formats, our company's talented employee base and our strong group of partners and vendors is our only moat against this ever present challenge.

MESSAGE FROM THE CHAIRMAN

Dear Esteemed Shareowners,

It is a privilege to address you in the 13th year of our formation and present you the Annual Report for the Financial Year 2022-23. When we see our business bringing happiness and smiles to people across India, we believe we are doing good work.

In furtherance of the same it gives me immense pleasure to share with you all the performance of your Company for FY. 2022-23. Your Company has incurred loss of Rs. 62.90 Lakh and generated a turnover of Rs. 2665.10 Lakhs. The Company has achieved to reduce the net loss and increase in turnover in comparison to previous year.

As on date of this report, your Company has in toto 43 stores across Gujarat. 3 stores (Panjarapole, Shahibaug, Bopal) in Ahmedabad (Gujarat) are in the Dangee Dums Yums format, 11 store in the Dangee Dums Gourmet Format, 2 stores are in store in store format and other 27 are in regular cakery format stores. The brand is present in four cities with 36 stores in Ahmedabad, 4 stores in Baroda, 2 stores in Anand and 1 store in Gandhinagar. Your Company has renovated more than 18 stores to improve its existing store layout to make it more customer friendly and to increase its product display basket and to improve its trade item shares.

The Company is committed to invest in product development that not only refreshes our presence in existing categories but also allows us to enter new product categories. Due to that reason, the Company witnessed drastic increase in it's trade items sale like Ice-cream, Ready to eat food, Beverages, Chocolates, Chips, cookies, snacks etc.

The Company was operating the stores at various outlets by employees, but from Financial Year 2022-23, the Company had implemented Operator model. Through this model, the Operators will manage the outlet/s allocated to them. This model has its own advantage i.e. No fixed commitment,

MESSAGE FROM THE CHAIRMAN

variable remuneration to operators and performance basis output to operators. Hence, it ultimately enhance creativity in marketing of Company, decrease recruitment expense and time of the Company and ultimately increase revenue. The Company saw good results in this model during the year. Hence, the Company has renewed this Operator Model for the next financial year also.

In the year 2022-23, the Company has introduced a new category of product in its bucket i.e. Jain Puff in just Rs. 15/- only. Till date, Puff has become popular in all the savories items because it has caught imagination of the public with its rare price range with highest quality standards.

Moreover, The Company had launched various kinds of sandwich in a very affordable prices in its product basket in its few stores last year and looking at its high demand, the Company has launched it in all of its outlets. Aim of the Company is to increase loyal customer base and to increase student customers through this ready to eat product.

The Company continues to keep a watchful eye on emerging opportunities, by continuing to focus on building a strong brand, with improved products and reach.

All our stores are live on online delivery platforms Zomato and Swiggy. Further, we have also developed our own dedicated website for online orders and delivery.

The growth of an industry comes with its own challenges and the most important aspect of it is to expand production capacity to meet the new age demands. The Company has pursued business excellence through passion, perseverance and commitment to offer the best to its customers.

I would like to extend my gratitude for the incredible support that you all have extended throughout the journey of Dangee Dums Limited (DDL) as Gujarat's one of the leading Corporate in Cake and Bakery Sector.

I would also like to pay my sincere acknowledgement to the Government and Semi-Government Authorities, Esteemed Customers, Suppliers, Bankers, Business Associates and all the Stakeholders for their immense faith and continued support to the Company.

I assure you that we will achieve new heights in the coming years!

Thank You!

Nikul Jagdishchandra Patel

(ii) A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the AGM and prior to the **Cut-off date i.e. Friday, 22nd September, 2023** shall be entitled to exercise his/her vote at the AGM.

Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

(iv) Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(v) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

ANNEXURE TO THE NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Special Resolution:

ITEM NO. 3: TO CONSIDER AND APPOINT MR. ATULKUMAR CHANDRAKANTBHAI PATEL (DIN:09796668) AS AN INDEPENDENT DIRECTOR OF THE COMPANY:

Based on the recommendations of the Nomination and Remuneration Committee (“NRC”), the Board of Directors of the Company (the “Board”) at its meeting held on August 12, 2023 had appointed Mr. Atulkumar Chandrakantbhai Patel (DIN:09796668) as an Additional Director (Non-Executive and Independent Director) of the Company pursuant to the provisions of Section 161 of the Companies Act, 2013 (the “Act”) and Regulations 16(1)(b), 17 and other applicable provisions, if any, of Chapter IV of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, (the “SEBI Listing Regulations”) including any statutory modification(s) or re-enactment(s) thereof, for the time being in force and Articles of Association of the Company for a period of 5 (five) consecutive years with effect from August 12, 2023, subject to the approval of the Members of the Company.

In accordance with the provisions of Section 149 read with Schedule IV to the Act, appointment of Independent Directors requires approval of the members of the Company. Further pursuant to Regulation 17(1C) of the SEBI Listing Regulations, effective from January 01, 2022, a listed entity shall ensure that approval of Members for appointment of a person in the Board of Directors is obtained at the next general meeting or within a time period of three months from the date of appointment, whichever is earlier. Accordingly, the appointment of Mr. Atulkumar Chandrakantbhai Patel (DIN:09796668) would require approval of members of the Company on or before November 11, 2023.

As required under Section 160 of the Act, the Company has received a notice in writing from a member signifying the intention to propose the appointment of Mr. Atulkumar Chandrakantbhai Patel as a Director. Mr. Atulkumar Chandrakantbhai Patel has given a declaration to the Board that he meets the criteria of Independence as provided under Section 149(6) of the Act and Regulation 16(1)(b) of the SEBI Listing Regulations.

In the opinion of the Board of Directors, Mr. Atulkumar Chandrakantbhai Patel fulfills the criteria as specified in the Act, rules made there under and SEBI Listing Regulations for appointment as an Independent Director and he is not related to any of the other Directors or Key Managerial Personnel of the Company in any way and he is independent of management.

Mr. Atulkumar Chandrakantbhai Patel has given his consent to act as the Director of the Company. Also, as per the confirmations received from him, he is not disqualified from being appointed as Director in terms of Section 164 of the Act. Mr. Atulkumar Chandrakantbhai Patel has confirmed that he is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualification of Directors) Rules, 2014, with respect to his registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs.

As per the provision of Section 149(13) of the Act read with explanation to Section 152(6) of the Act, the period of office of Mr. Atulkumar Chandrakantbhai Patel will not be liable to determination by retirement of directors by rotation at the Extra Ordinary General Meeting/Annual General Meeting.

The NRC has reviewed the capabilities of Mr. Atulkumar Chandrakantbhai Patel vis-a-vis the role and capabilities required as decided by the NRC based on the evaluation of balance of skills, knowledge and experience of the existing Board and considered appropriate, to recommend the appointment of Mr. Atulkumar Chandrakantbhai Patel as an Independent Director, for a term of 5 (five) consecutive years effective from August 12, 2023.

In the opinion of NRC and the Board, Mr. Atulkumar Chandrakantbhai Patel possesses appropriate skills, knowledge and expertise required for the efficient functioning of the Company more particularly in the areas of finance and business administration.

Disclosure under Regulation 36(3) of the SEBI Listing Regulations and Secretarial Standard-2 issued by the Institute of Company Secretaries of India pertaining of his qualification, brief resume, area of expertise and other details are set out in the Annexure attached to this Notice.

Accordingly, the Board recommends the Resolution as set out in the accompanying Notice in relation to appointment of Mr. Atulkumar Chandrakantbhai Patel as an Independent Director, not liable to retire by rotation, for a period of 5 (five) consecutive years with effect from August 12, 2023, for approval of the Members on the terms and conditions as specified in the draft letter of appointment.

Copy of draft letter of appointment of Mr. Atulkumar Chandrakantbhai Patel setting out the terms and conditions of appointment is available for inspection by the Members electronically. Members seeking to inspect the same can send a request to cs@dangeedums.com.

The Board commends the resolution as set out in the Notice for approval of the members as Special Resolution.

Except Mr. Atulkumar Chandrakantbhai Patel whom this resolution relates along with and his relatives (to the extent of their shareholding, if any), none of the other Directors and Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution.

Additional Information on Director recommended for appointment/ re-appointment at the 13th Annual General Meeting of the Company as required under Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards-2 on General Meeting.

MANAGEMENT’S DISCUSSION AND ANALYSIS

ECONOMIC / INDUSTRY OVERVIEW

Overview Inflation reached decade highs at the beginning of FY 2023 due to geopolitical uncertainties. However, since the second half of the year, inflation has been moderating, indicating a positive outlook. The global economy appears to be on track for a slow yet steady recovery from COVID-induced challenges and the Russia-Ukraine war. Global economic output is likely to grow gradually, owing to a stabilizing inflation trajectory that is reviving consumer sentiment and investor confidence. Emerging market and developing economies (EMDEs) are also witnessing growth across multiple sectors, fueled by government expenditures in infrastructure and manufacturing sectors.

Central banks’ monetary policies are expected to bear fruit, leading to a decline in global inflation from *8.7% in 2022 (among the highest in decades) to 7.0% in 2023 to 4.9% in 2024. It is anticipated that the pent-up demand in numerous economies, along with a considerable reduction in inflation, will drive economic growth in 2023. The Federal Reserve raised its benchmark interest rate to their highest in 15 year.

INDIAN ECONOMY:

Overview: Despite resilience amid slowing global growth, there are headwinds to India’s growth in F.Y. 23-24. Recent financial sector turmoil in the US and Europe could reduce appetite for emerging market assets, trigger another bout of capital flight and put pressure on the Indian rupee. Tighter global financial conditions could also weigh on the risk appetite for private investment in India. Notwithstanding external pressures, Indian banks are well capitalized, and the impact of policy tightening on bank balance sheets has been less severe in India due to the relatively modest pace of tightening. Moreover, faster-than-expected inflation due to higher food or fuel prices may also weigh on domestic demand.

These downside risks to growth could affect fiscal consolidation plans. The debt path is highly sensitive to variation in nominal growth rates and further moderation in economic growth could lead to an increase in the already high public debt-to-GDP ratio.

UNION BUDGET FY 2023-24:

The Budget 2022-23 sought to lay the foundation for the future of the Indian economy through projects like PM Gati Shakti, Inclusive Development, Productivity Enhancement & Investment, Sunrise Opportunities, Energy Transition and Climate Action, as well as Financing of Investments.

The capital expenditure of the Indian government expanded 35.4% from ₹5.54 lakh crore to ₹7.50 lakh crore. An outlay of ₹5.25 lakh crore was made to the Ministry of Defence (13.31% of the total Budget outlay). An announcement of nearly ₹20,000 crore was made for the PM Gati Shakti National Master Plan to catalyse the infrastructure sector. An expansion of 25,000 km was initiated for the national highways network. An allocation of ₹2.37 lakh crore was made towards the procurement of wheat and paddy under the MSP safety net. An outlay of ₹1.97 lakh crore was announced for Production Linked Incentive schemes across 13 sectors.

GLOBAL & INDIAN BAKERY INDUSTRY OUTLOOK:

The global bakery products market size was USD 397.90 billion in 2020. The market is projected to grow from USD 416.36 billion in 2021 to USD 590.54 billion by 2028, growing at a CAGR of 5.12% during the forecast

period (2021-2028). Alongside these predictions, India occupies a unique position in the bakery market and continues to grow.

FISCAL YEAR 2023 AND OUTLOOK

The Company's main revenue comes from selling of bakery, confectionery and ice cream products through its outlets spread in the state of Gujarat. Further, the Company has its manufacturing facility in Ahmedabad. Moreover, the Company has implemented "Operatorship Model" through which independent and expertise operators will run the Company outlets allocated to them. It enhance creativity in marketing of Company, decrease recruitment expense and time of the Company and ultimately increase revenue.

During the year, The economy was beset by a multitude of challenges all through the year. The Indian economy appears to be on track for a slow yet steady recovery from COVID-induced challenges. However, the severe and sustained inflation in commodities, Raw materials, due to supply disruptions export restrictions in producer nations, impacted the economy and food companies severely.

Your Company was also affected by these developments and is addressing the twin challenges of rising inflation and muted consumer demand through product innovation, sustainable cost saving measures and calibrated price increases. These measures and the innate strengths of its brands, human resources and technology interventions are expected to be of significant support to the Company in expecting growth in a challenging environment, the likes of which the world has not seen in a long time.

BUSINESS STRATEGY

Going forward our business strategy will rest on four pillars, the idea is to put in place a proper framework to give us the best chance to grow in the face of challenges from the competition and external events over which we may have no control. Each of tenets of our strategy is explained below:

> **Strengthen our core**

> **Exploit our expertise in western dessert products**

> **Offer newer formats**

> **Putting it all together**

While strategies often look good on paper, what often separates successful ones from the not-so-successful is their execution. Each of these pillars requires a proper structure to ensure proper planning, execution and monitoring. Your Company will invest in putting in place the right structure that ensures precise execution, the investment may vary from say putting in place a business development team or resources and tools for increasing the numbers of product development team and innovation team. While as mentioned before that of this takes us in new directions, we feel that it essential for the company to adjust, pivot and transform in order to best respond to emerging opportunities and challenges. We are confident that with the team we have in place we are on track to achieve our growth objectives.

OUR COMPETITIVE STRENGTHS

We derive our strengths from following factors:

1. Brand Name and Image
3. Skilled and Experienced staff/employee base
4. Expertise in western dessert products
5. Trade items portfolio in bucket

Emerging Opportunities:

1. India's strong consumption fundamentals
2. Acceptance of western dessert items in gifting
3. The third place i.e. a hangout place for all purpose for our customers
4. Diet trends

Threats:

1. Shifts in customer tastes away from the Company's products
2. Emergence of substitute products.
3. Change in modus-operandi
4. The arrival of third party marketplaces
5. Unforeseen government regulation / Force Majeure conditions
6. Increased trade barriers

KEY RISKS AND CONCERNS

The Company is exposed to business risks which may be internal as well as external and the growth of our Industries is linked to the overall economic growth. Primary risk to the business will be on account of adverse changes to the economy. Volatility in commodity prices is the other significant risk.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
DANGEE DUMS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the Standalone financial statements of **DANGEE DUMS LIMITED** (“the Company”), which comprise the Balance Sheet as at **31st March, 2023** and the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of the significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Companies Act, 2013 (the ‘Act’) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2023, and its loss, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (“SAs”) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Companies Act, 2013 and the Rules there under and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment were, of most significance in our audit of the, standalone financial statements of the current period.

These matters were addressed in the context of our audit, of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion, on these matters.

5. Key audit matter identified in our audit is on assessment of lease liability as follows:

Key audit matter	How our audit addressed the key audit matter
Recognition of Deferred Tax Asset	
Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the	Our audit procedures includes the following: <ul style="list-style-type: none"> • Reviewing the accounting policy with

Information other than the Standalone Financial Statements and Auditors' Report thereon.

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the Standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and as may be legally advised.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the Standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the Standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone financial statements.

11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis of opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for our resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial control system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions

are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and where applicable, related safeguards.

14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

16. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.

d) In our opinion, the aforesaid Standalone financial statements comply with the Ind AS Specified under section 133 of the Act.

e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accor-

dance with the provisions of Section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in the financial statements- Refer Note-45 of financial statement;

ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;

iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;

iv. (i) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other persons or entities, including foreign entities ("Intermediaries") with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, whether, directly or indirectly lend or invest in the other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(ii) The management has represented, that to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether directly or indirectly lend or invest in the other persons or entities identified in any manner whatsoever by or on behalf of the Funding Parties ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(iii) Based on such audit procedures applied by us, nothing has come to our notice that has caused us to believe that the representations made under sub clause (i) and (ii) contain any material misstatement.

v. The company has not declared or paid any dividend during the year hence the provisions of Section 123 of the Companies Act, 2013 are not applicable.

vi. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 for maintaining books of account using accounting software which has a feature of recording audit trail (edit log) facility is applicable to the Company with effect from April 1, 2023, and accordingly, reporting under Rule 11(g) of Companies (Audit and Auditors) Rules, 2014 is not applicable for the financial year ended March 31, 2023.

ANNEXURE “A” TO INDEPENDENT AUDITORS’ REPORT

Referred to in paragraph 15 of “**Report on Other Legal and Regulatory Requirements**” of our Report of even date to the Members of **DANGEE DUMS LIMITED** for the year ended **31st March, 2023**.

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

1. In respect of Property, Plant and Equipment :

(a) (i) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant & Equipments.

(ii) The Company has maintained proper records showing full particulars of intangible assets on the basis of available information.

(b) The property, plant and equipments were physically verified by the Management according to a phased programme at regular intervals which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the programme, property, plant and equipments have been physically verified by the management during the year and no material discrepancies have been noticed on such verification.

(c) Based on the examination of the registered sale deed / transfer deed / conveyance deed provided to us, we report that, the title deeds of all the immovable properties of land and buildings (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment are held in the name of the Company as at the balance sheet date. In respect of immovable and movable properties that have been taken on lease and disclosed in the financial statements as right-of use asset as at the balance sheet date, the lease agreements are duly executed in favour of the Company.

(d) Company has not revalued its Property, Plant & Equipments and intangible assets during the year.

(e) No proceedings have been initiated or pending against the company for holding any benami property under the Benami Transaction (Prohibition) Act, 1988 and rules made there under.

2. In respect of its Inventories :

(a) The physical verification of inventories during the year has been conducted at reasonable intervals by the management. In our opinion, the coverage and procedure of such verification by management is appropriate and no material discrepancies of 10% or more in aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.

(b) The company has not been sanctioned any working capital facilities in excess of Rs.5.00 Crores in aggregate from banks or financial institutions on the basis of security of current assets. Accordingly, clause 3(ii)(b) of Companies (Auditor’s Report) Order, 2020 is not applicable.

3. During the year, the company has not made any investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Accordingly, the clauses 3 (iii) (a) to (f) of the Companies (Auditor’s Report) Order, 2020 are not applicable to the company.

4. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.

5. In respect of Deposits:

The company has not accepted any deposits or amount which are deemed to be deposits and hence the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under are not applicable to the company. Accordingly, clause 3(v) of Companies (Auditor's Report) Order, 2020 is not applicable.

6. Cost Records:

According to the information and explanations given to us, the Company is not required to maintain cost records as required by the central government under sub section (1) of section 148 of the Companies Act, 2013. Accordingly, clause (vi) of the (Auditor's Report) Order, 2020 is not applicable.

7. In respect of Statutory Dues :

(a) The Company is by and large regular in depositing with appropriate authorities undisputed statutory dues including Goods and Service Tax, Provident Fund, Employees State Insurance, Income Tax, Duty of Customs, Value Added tax, cess and any other material statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect statutory dues were outstanding as at 31st March, 2023 for a period of more than six months from the date they became payable.

(b) There were no dues of Goods and Service tax, Income Tax, Sales tax, Provident Fund, Employees State Insurance, Duty of Excise, Duty of Customs, cess and any other statutory dues which have not been deposited on account of any dispute.

8. In respect of Undisclosed Income Discovered in Income tax Assessment:

There were no transactions that were not recorded in books of accounts and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961. Hence, clause 3(viii) of Companies (Auditor's Report) Order, 2020 is not applicable to the company.

9. In respect of Repayment of Loans:

(a) In our opinion, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lenders.

(b) The company has not been declared as willful defaulter by any bank or financial institution or other lenders or government or government authority.

(c) During the year under consideration, no new term loan has been taken by the company.

(d) On an overall examination of the standalone financial statements of the Company, we report that the company has used funds raised on short-term basis aggregating to Rs.187.15 Lakhs for long-term purposes.

(e) The company has not taken any funds from any entity or person to meet obligations of its subsidiaries, associates or joint ventures. Hence, reporting under clause 3(ix)(e) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

(f) The company has not has raised any loans during the year on the pledge of securities held in its subsidiaries,

joint ventures or associate companies. Hence, clause 3 (ix)(f) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

10. In respect of Public Offerings:

(a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments). Accordingly, clause 3 (x)(a) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

(b) The company has not made any preferential allotment or private placement of shares or convertible debentures during the year. Accordingly, clause 3(x)(b) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

11. (a) To the Best of our knowledge, no fraud by the Company or no material fraud on the company has been noticed or reported during the year.

(b) To the best of our knowledge, no report under sub-Section (12) of Section 143 of the Companies Act, 2013 has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Auditor and Auditor) Rules 2014 with the Central Government, during the year and up to the date of this report.

(c) As represented to us by the management, there were no whistle-blower complaints were received during the year and up to the date of this report by the company.

12. As the company is not a Nidhi Company, the Nidhi Rules, 2014 are not applicable to it. Accordingly, provisions of clause (xii) (a) to (c) of the Company's (Auditor's Report) Order, 2020 are not applicable to the Company.

13. The company has entered into transactions with related parties in compliance with the provisions of section 177 and 188 of the Companies Act 2013 where applicable and the details of related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard (Ind AS) 24 "Related Party Disclosure" specified under section 133 of the act.

14. In respect of Internal Audit:

(a) In our opinion, the company has an internal audit system commensurate with the size and nature of its business of the company.

(b) The internal audit reports of the company issued till the date of audit report, for the period under audit have been considered by us.

15. The Company has not entered in to any non-cash transactions with its directors or persons connected with him. Accordingly, clause 3(xv) of the Companies (Auditor's Report) Order, 2020 is not applicable to the Company.

16. In Respect to the Provisions of Reserve Bank Of India Act 1934:

(a) The company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, clause (xvi)(a) of the Company's (Auditor's Report) Order, 2020 is not applicable to the company.

(b) The company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, clause (xvi)(b) of the Company's (Auditor's Report) Order, 2020 is not applicable to the company.

(c) The company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Hence, clause (xvi)(c) & (d) of the Company's (Auditor's Report) Order, 2020 is not applicable to

the company.

17. The Company has not incurred any cash losses in the financial year & immediately preceding financial year.

18. There has been no resignation of the statutory auditors during the year under consideration. Accordingly, clause (xviii) of the Company's (Auditor's Report) Order, 2020 is not applicable to the company.

19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

20. ANNEXURE “B” TO INDEPENDENT AUDITORS’ REPORT

Referred to in paragraph 16(f) of “**Report on Other Legal and Regulatory Requirements**” of our Report of even date to the Members of **DANGEE DUMS LIMITED** for the year ended **31st March, 2023**.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

Opinion

We have audited the internal financial controls over financial reporting of **DANGEE DUMS LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to financial statement for the year ended March 31, 2023

1. Corporate information:

The Dangee Dums Limited ('the Company') is a listed company, incorporated on August 13, 2010 under the provisions of the Companies Act 1956, having its registered office at 4-A, Ketan Co-Op Housing Society Ltd, Opp. B D Patel House, Naranpura, Ahmedabad, Gujarat, India. The shares of the company are listed on NSE. The Company is engaged in the business of manufacturing and trading of Bakery & Confectionery Products. The Company has manufacturing plant located in state of Gujarat.

The financial statements are approved for issue by the Company's Board of Directors on May 30, 2023.

2. Statement of compliance:

The financial statements have been prepared with all material aspect with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 as amended. The accounting policies are applied consistently to all the periods presented in the financial statements.

3. Basis of preparation:

The financial statements have been prepared on accrual basis of accounting under historical cost convention, except for the following where the fair valuation have been carried out in accordance with the requirements of respective Ind AS:

- a. Employee defined benefit plans – Plan assets - Note 46.
- b. Financial Instruments recognized at FVTPL or FVTOCI - Note 48.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

4.1. Summary of significant accounting policies:

i) Use of estimates:

The preparation of these financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of relevant facts and circumstances as at the date of the financial statements. Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Actual results could differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and future periods are affected.

Critical Accounting Estimates and Judgements used in application of Accounting Policies:

a. Income Taxes

Significant judgements are involved in determining the provision for Income Taxes, including amount expected to be paid / recovered for uncertain tax positions. (Also refer Note 11 and 42)

b. Property, Plant and Equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful life and residual values of the Company's assets are determined by the Management at the time the asset is acquired and reviewed periodically, including at each financial year end. The life is based on historical experience with similar assets as well as anticipation of future events, which may impact their life such as changes in technology. (Refer Note 5)

c. Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation based on empirical evidence available without undue cost or effort, existing market conditions as well as forward looking estimates at the end of each reporting period. (Refer Note 14 and 49)

d. Defined Benefit Plan

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligations is determined using actuarial valuation. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, mortality rates and attrition rate. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. (Refer Note 38 and 46)

e. Fair Value Measurement of Financial Instruments

When the fair value of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets, where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair values of financial instruments. (Refer Note 48)

ii) Revenue recognition:

Revenue from Contracts with Customers, revenue is recognised upon transfer of control of promised goods or services to customers. Revenue is measured at the fair value of the consideration received or receivable, excluding discounts, incentives, performance bonuses, price concessions, amounts collected on behalf of third parties, or other similar items, if any, as specified in the contract with the customer.

Sale of Products

Revenue from the sale of products is recognised at a point in time, upon transfer of control of products to the customers which coincides with their delivery and is measured at fair value of consideration received/receivable, net of discounts, amount collected on behalf of third parties and applicable taxes.

Sale of Scrap

Sale of scrap is recognised upon transfer of control of products to the customers which coincides with their delivery to customer.

Rendering of services:**Franchise Fees**

Franchisee fee is recognised on accrual basis over the period of the relevant franchise agreement.

Interest income

Interest income is calculated by applying the effective interest rate to the gross carrying amount of the financial assets except when the financial asset is credit-impaired in which case the effective interest rate is applied

to the amortised cost of the financial asset. Effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's gross carrying amount on initial recognition.

Dividend income

Dividend income is recognised when the Company's right to receive the payment has been established.

iii) Property, Plant & Equipment:**Property, Plant & Equipment**

Property, plant and equipment are tangible items that are held for use in the production or supply of goods and services, rental to others or for administrative purposes and are expected to be used during more than one period. The cost of an item of property, plant and equipment is recognised as an asset if and only, if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. Freehold land is carried at cost less accumulated impairment losses if any. All other items of property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses. Cost of an item of property, plant and equipment comprises:

- Its purchase price, all costs including financial costs till commencement of commercial production are capitalized to the cost of qualifying assets. GST/Tax credit, if any, are accounted for by reducing the cost of capital goods;
- Any other costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Capital Work-in-progress

Capital work in progress is stated at cost, comprising direct cost, related incidental expenses and attributable borrowing cost and net of accumulated impairment losses, if any. All the direct expenditure related to implementation including incidental expenditure incurred during the period of implementation of a project, till it is commissioned, is accounted as Capital work in progress (CWIP) and after commissioning the same is transferred / allocated to the respective item of property, plant and equipment. Pre-operating costs, being indirect in nature, are expensed to the statement of profit and loss as and when incurred.

Derecognition of Property, Plant and Equipment:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss from the derecognition of an item of property, plant and equipment is recognised in the statement of profit and loss account when the item is derecognized.

iv) Depreciation on Property, Plant & Equipment:

Depreciation is provided on straight line method for property, plant and equipment so as to expense the cost over their estimated useful lives based on evaluation which are as indicated in Schedule II to Companies Act, 2013. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

The estimated useful lives are mentioned below:

Nature of Assets	Useful life (in Years)
Buildings	30 / 9
Computer	6
Furniture & Fixtures	10
Office Equipments	5
Plant & Machinery	15
Vehicle	8
Intangible Assets	6

v) Intangible Assets and Amortization:

Intangible assets purchased are measured at cost or fair value as on the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets are amortised on a straight line basis over their estimated useful lives, commencing from the date the asset is available to the Company for its intended use.

Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalised development costs, are not capitalised and expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred.

The estimated useful life of the intangible assets and the amortisation period are reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any

vi) Impairment of Property, Plant & Equipment and intangible assets :

At the end of each reporting period, the Company reviews the carrying amounts of its Property, Plant & Equipment and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Carrying amount equals to cost less accumulated depreciation and accumulated impairment losses recognised previously.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

vii) Borrowing Costs:

Interest and other costs that the Company incurs in connection with the borrowing of funds are identified as borrowing costs. The Company capitalises borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which it is incurred. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. The Company identifies the borrowings into specific borrowings and general borrowings. Specific borrowings are borrowings that are specifically taken for the purpose of obtaining a qualifying asset. General borrowings include all other borrowings except the amount outstanding as on the balance sheet date of specific borrowings for assets that are not yet ready for use. Borrowing cost incurred actually on specific borrowings are capitalised to the cost of the qualifying asset. For general borrowings, the Company determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the expenditures on the qualifying asset based on the weighted average of the borrowing costs applicable to general borrowings. The capitalisation on borrowing costs commences when the Company incurs expenditure for the asset, incurs borrowing cost and undertakes activities that are necessary to prepare the asset for its intended use or sale. The capitalisation of borrowing costs is suspended during extended periods in which active development of a qualifying asset is suspended. The capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete.

viii) Inventories:**Raw Materials, Packing Materials, Stores and Spares**

Raw Materials, Packing Materials, Stores & Spares and consumables are valued at lower of cost (net of refundable taxes and duties) and net realisable value. Inventories are not written down below cost if the related finished products are expected to be sold at or above cost. Cost is determined on First-In-First-Out basis and includes all cost incurred in bringing the inventories to their present location and condition.

Finished Goods and Work-in-progress

Work-in-progress and finished goods are valued at lower of cost and net realisable value. Cost includes direct material and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost in respect of Finished Goods and Work-In-progress are computed on Weighted Average Basis Method. Net Realizable Value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale. Obsolete, slow moving and defective inventories are identi-

fied and provision made wherever necessary.

Stock in Trade

Stock in Trade is valued at lower of cost and net realisable value. Cost is determined on FIFO basis.

ix) Leases:

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a Lessee:

The Company applies a single recognition and measurement approach for all leases. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a-Right-of-use Assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. If ownership of the leased asset transfers to the Company at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment.

b-Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including insubstance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a

change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset. The Company's lease liabilities are included in Other non-current financial liabilities.

c-Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short term lease that have a lease term of 12 months or less and leases of low-value assets. The Company recognises the lease payments associated with these leases on straight line basis as per the terms of the lease.

x) Government Grants and Subsidies:

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Company with no future related costs are recognised in profit or loss in the period in which they become receivable.

The benefit of a government loan at a below-market rate of interest is treated as a government grant, measured as the difference between proceeds received and the fair value of the loan based on prevailing market interest rates.

xi) Impairment of non – financial assets

The Company reviews the carrying amount of its Property, Plant and Equipment, including Capital Work in progress of a "Cash Generating Unit" (CGU) at the end of each reporting period to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the Cash Generating Unit to which the asset belongs.

Recoverable Amount is determined:

i) In case of individual asset, at higher of the fair value less cost of disposal and value in use; and

ii) In case of cash generating unit (a company of assets that generates identified, independent cash flows), at the higher of the cash generating unit's fair value less cost to disposal and the value in use. If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is

reduced to its recoverable amount. An impairment loss is recognized immediately in the Statement of Profit and Loss.

xii) Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets**a. Initial recognition and measurement**

At initial recognition, the Company measures a financial asset (which are not measured at fair value) through profit or loss at its fair value plus or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset.

b. Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- i) Financial assets measured at amortised cost;
- ii) Financial assets at fair value through profit or loss (FVTPL) and
- iii) Financial assets at fair value through other comprehensive income (FVTOCI).

The Company classifies its financial assets in the above mentioned categories based on:

- a) The Company's business model for managing the financial assets, and
- b) The contractual cash flows characteristics of the financial asset.

i) Financial assets measured at amortised cost :

A financial asset is measured at amortised cost if both of the following conditions are met:

- a) A financial asset is measured at amortised cost if the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and the Contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.
- b) Financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

ii) Financial assets at fair value through profit or loss (FVTPL):

Financial assets are measured at fair value through profit and loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in profit or loss.

iii) Financial assets at fair value through other comprehensive income (FCTOCI):

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business model whose objective is achieved by collecting

both contractual cash flows that gives rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or fair value through other comprehensive income. In addition, The Company may elect to designate a financial asset, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch')

Trade receivables, Advances, Security Deposits, Cash and Cash Equivalents etc. are classified for measurement at amortised cost.

c. Derecognition

The Company derecognizes a financial asset when contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the assets's carrying amount and the sum of the consideration received and receivable is recognized in the Statement of Profit and Loss.

d. Impairment

The company assesses at the end of each reporting period whether a financial assets or group of financial assets is impaired. In accordance of Ind AS 109, the Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables,
- ii. Financial assets measured at amortized cost (other than trade receivables and lease receivables),
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI).

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance. As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables.

In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance.

Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the Statement of Profit and Loss under the head 'Other expenses'.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

Financial Liabilities

a. Initial recognition and measurement

All financial liabilities are recognised initially at fair value and subsequently carried at amortised cost using the effective interest method.

The company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

b. Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

- i) Financial liabilities measured at amortised cost.
- ii) Financial liabilities at fair value through profit or loss.

i) Financial liabilities measured at amortised cost :

All financial liabilities are measured at amortised cost. Any discount or premium on redemption/ settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet.

c. Derecognition

Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged or cancelled or expiry. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the stand-alone balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the

liabilities simultaneously.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions.

The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

(a) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.

(b) Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.

(c) Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or Company's assumptions about pricing by market participants.

xiii) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

xiv) Foreign currency Transactions

The functional currency of Dangee Dums Limited is Indian rupee. On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

xv) Employee benefits

Short term employee benefits

Short Term benefits are recognised as an expense at the undiscounted amounts in the Statement of Profit and Loss of the year in which the related service is rendered.

Post employment benefits

a. Defined contribution plans

The Employee and Company make monthly fixed Contribution to Government of India Em-

ployee's Provident Fund equal to a specified percentage of the covered employees' salary, Provision for the same is made in the year in which service are render by employee.

b. Defined benefit plans

The Liability for Gratuity to employees, which is a defined benefit plan, as at Balance Sheet date determined on the basis of actuarial Valuation based on Projected Unit Credit method.

The present value of the defined benefit obligations is determined by discounting the estimated future cash flows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expenses in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in balance sheet. Changes in present value of the defined benefit obligation resulting from plan amendment or curtailments are recognized immediately in profit or loss as past service cost.

xvi) Income Taxes:

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

Current tax

Current tax is determined on income for the year chargeable to tax in accordance on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Current tax items are recognised in correlation to the underlying transaction either in profit or loss or in OCI or directly in equity. The Company has provided for the tax liability based on the significant judgment that the taxation authority will accept the tax treatment.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, unabsorbed losses and tax credits to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, unabsorbed losses and tax credits will be utilised. The carrying amount of deferred tax assets is reviewed at the end of financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is expected to be settled or the asset realised, based on tax rates and tax laws that have been

substantively enacted by the balance sheet date. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

xvii) Provisions :

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

xviii) Earnings per equity share:

Basic earnings per share is calculated by dividing the profit or loss for the period attributable to the equity holders of the Company by the weighted average number of ordinary shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

xix) Dividend:

Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the company's Board of Directors.

xx) Cenvat, Service Tax, Vat & GST:

GST credit on materials purchased for production / service availed for production / input service are taken into account at the time of purchase and GST credit on purchase of capital items wherever applicable are taken into account as and when the assets are acquired.

The GST credits so taken are utilized for payment of GST on goods sold. The unutilized GST credit is carried forward in the books.

(xxi) Segment reporting

The Chief Operational Decision Maker (CODM) monitors the operating results of its business Segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the financial statements. Operating segments are reported in a manner consistent with the internal reporting to the CODM.

(xxii) Statement of Cash flows

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

(xxiii) Operating cycle

The Operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS 1- 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

4.2. Standards issued but not yet effective:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements:

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes:

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors:

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

The Company has a process whereby periodically all long term contracts are assessed for material foreseeable losses. At year end the Company has reviewed and ensured that adequate provision as required under any law / accounting standards for material foreseeable losses on such long term contracts has been made in the books of accounts.

The Company has also reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial results.

46. Details of Employee Benefits:

E. Characteristics of defined benefit plans and risks associated with them:

Valuation of defined benefit plan are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above benefit plans which are as follows:

a. Actuarial Risk:

It is a risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in Obligation at a rate that is higher than expected.

Variability in mortality rates : If actual mortality rate are higher than assumed mortality rate assumption than the Gratuity Benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates : If actual withdrawal rates are higher than assumed withdrawal rate assumption than the Gratuity Benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

b. Investment Risk:

For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

c. Liquidity Risk:

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level

of benefits. If some of such employees resign/retire from the company there can be strain on the cash flows.

d. Market Risk:

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits & vice versa. This assumption depends on the yields on the corporate/government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

e. Legislative Risk:

Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

47. Segment Reporting

The Company's operations pre-dominantly relates to manufacturing and trading of bakery and confectionery products. The Company has considered the only one reporting segment in accordance with the requirement of Ind AS 108 - Operating Segments.

The Board of Directors ("BOD") evaluates the Company's performance and allocates resources based on an analysis of various performance indicators of this single operating segment. The BOD reviews revenue and gross profit as the performance indicator for this single operating segment. Accordingly, it constitutes as a single reportable operating segment.

All the operations of the company are carried out in india, hence no separate disclosure has been given for geographical segment.

The company sells its products through its retail outlets and hence there is no single customer contributing 10% or more of the total Revenue of the company.

The above fair value hierarchy explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost for which fair values are disclosed in the financial statements. To provide the indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments in to three levels prescribed is as under:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities
Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs)

There were no transfers between the levels during the year

Valuation process

The finance department of the Company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values. The fair valuation of level 1 and level 2 classified assets and liabilities are readily available from the quoted prices in the open market and rates available in secondary market respectively.

The carrying amount of trade receivable, trade payable, cash and bank balances, short term loans and advances, statutory/ receivable, short term borrowing, employee dues are considered to be the same as their fair value due to their short-term nature.

Notes to financial statement for the year ended March 31, 2023

49. Financial risk management

The Company's activities expose it to a variety of financial risks, including credit risk, market risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same.

The Company's risk management is governed by policies and approved by the board of directors. Company identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The company has policies for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments.

The audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

I. Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits, and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The history of trade receivables shows a negligible provision for bad and doubtful debts. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of expected losses in respect of trade and other receivables and investments. The company has adopted simplified approach of ECL model for impairment. The Company has assessed that credit risk on investments, Cash & Bank Balance, loans given & other financial assets is insignificant based on the empirical data.

i. Trade Receivables:

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. The Company with various activities as mentioned above manages credit risk. An impairment analysis is performed at each reporting date on an individual basis for major customers. In addition, a large number of minor receivables are grouped into homogenous groups and assessed for impairment collectively. The calculation is based on historical data. Ageing of trade receivables is as under. The Company does not hold collateral as security.

The Company reviews trade receivables on periodic basis and makes provision for doubtful debts if collection is doubtful. The Company also calculates the expected credit loss (ECL) for non-collection of receivables. The Company makes additional provision if the ECL amount is higher than the provision made for doubtful

debts. In case the ECL amount is lower than the provision made for doubtful debts, the Company retains the provision made for doubtful debts without any adjustment.

The provision for doubtful debts including ECL allowances for non-collection of receivables and delay in collection, on a combined basis, was Rs.0.83 Lakhs as at March, 2023 and Rs. 0.20 Lakhs as at March, 2022. The movement in allowances for doubtful accounts comprising provision for both non-collection of receivables and delay in collection is as follows:

(Rs. in Lakhs)		
Movement in allowance for Expected Credit Loss	As at 31/03/2023	As at 31/03/2022
Balance at the beginning of the year	0.20	16.06
Add : Allowance made during the year	0.63	Nil
Less : Reversal of allowance made during the year	Nil	-15.86
Balance at the end of the year	0.83	0.20

ii. Financial assets that are neither past due nor impaired

The company has assessed that credit risk on investments, loans given & other financial assets is insignificant based on the empirical data. Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's assessment of credit risk about particular financial institution. None of the Company's cash equivalents, including term deposits (i.e., certificates of deposit) with banks, were past due or impaired as at each balance sheet date.

II. Liquid Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages liquidity risk by maintaining adequate reserves, banking facilities including approved borrowing facilities sanctioned by the Parent Company, by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities. Long-term borrowings generally mature between One to Ten years. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company's policy is to manage its borrowings centrally using mixture of long-term and short-term borrowing facilities to meet anticipated funding requirements.

The Company has access to a sufficient variety of sources of funding and debt maturing within 12 months can be rolled over with existing lender. As of March 31, 2023 and March 31, 2022; the Company had unutilized credit limits from banks of Rs. 109.29 Lakhs and Rs. 265.13 Lakhs respectively. The tables below analyze the company's financial liabilities into relevant maturity groupings based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

III. Market Risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates and commodity prices) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt.

a. Interest Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates related primarily to the Company's short-term borrowings with floating interest rates.

Long-term borrowings expose the company to risk of changes in interest rates as the Company had External Commercial Borrowings (ECB) carrying a variable interest rate. In order to hedge interest rate risk arising out of variable interest rate ECBs, company has entered into Interest Rate swaps.

For other borrowings, Company's treasury department monitors the interest rate movement and manages the interest rate risk based on its policies.

The exposure of the company's borrowing to interest rate changes at the end of the reporting period are as follows:

i) Exposure to interest rate risk		(Rs. In Lakhs)	
Particulars	As at March 31, 2023	As at March 31, 2022	
Fixed Rate Borrowings	37.67	80.23	
Variable Rate Borrowings	1,245.83	1,368.65	
Total	1,283.49	1,448.87	
For details of the Company's short-term and long term loans and borrowings, including interest rate profiles, refer to Note 23 and 28 of these financial statements.			

ii) Interest Rate Sensitivity			
Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

50bp decrease would increase the profit before tax by	6.23	6.84	

b. Price Risk

The company's exposure to price risk arises from investments in equity shares of other companies (Refer Note 8 and 48). The company has not undertaken any risk mitigation measures to reduce the price risk. The table below summarises the impact of increases / decreases of share price of the investments and profit for the period. The analysis is based on the assumption that the market price of those investments in equity shares of other companies move by 5% point on either side with all other variables held constant.

Date	No. of Shares	Fair Value (Rs. In Lakhs)	% Change in Fair Value	Effect on Profit before tax in Rs.

50. Capital Management:

The Company's capital management is intended to maximise the return to shareholders and benefits for other stakeholders for meeting the long-term and short-term goals of the Company; and reduce the cost of capital through the optimization of the capital structure i.e. the debt and equity balance.

The Company monitors the capital structure on the basis of Net debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

The Net debt to equity ratio at the end of the reporting period was as follows:			
(Rs. In Lakhs)
